2015 What a Year!

BMCU Winter Thoughts

From Roger Davis

We have concluded another successful driving season and now it's time to make certain our LBC's are ready for their Winter hibernation.

This doesn't mean, however, that we can't be thinking about 2015 and what we would like to do when the snow has melted and the temps have risen from their frigid lows. To that end, here are some ideas that are being bandied about. Check them out and see what else you would like to see as a driving event, tech session, or car show. Then, let us know what you think. Simply send an email to Jim Stover, smockie01@msn.com, or myself, rogerdavis87@msn.com, and let us know your ideas.

This group below is by no means a list of things that will happen in 2015. It is only some possibilities for having fun with our cars.

Coalville & Echo Canyon
Ogden Canyon & Monte Cristo

Seasoned veterans will help set up the route and guide you through the fun of sharing your favorite route with the club. It will be a joint effort with you and your mentor to make certain that it is painless and a fun time. After all, that's why we have our LBC's, **TO HAVE FUN!!!**

Planning & Scheduling for 2015

Our Planning and Scheduling meeting is going to be different than what we've done in many years. It will be an exciting event at a new location that you won't want to miss.

There will be some of the old tried and true traditions and many new and compelling items. This is going to be one of the neatest Scheduling get togethers we've had in quite a while.

The Event Schedule will be made up at this meeting so it is important that you attend and let us know your ideas, advice, and comments. Some items have dates set e.g. the Memorial Day Tour to Kanab and the British Field Day, but the rest of the calendar is open and we've taken your suggestions, so far, and will incorporate them as much as we can.

So keep checking your emails from the BMCU for more info. The meeting will be in February, but I am not at liberty to tell you where or much else. I have been asked not to give out too much information now, as you may not be able to handle the excitement in addition to the holidays.

All I can say is that it is going to be NEW, DIFFERENT, and REALLY COOL. The 2015 Driving Season for BMCU is shaping up to be the most exciting ever!!! Date, Location, and Time of the meeting will be forth coming.

Memorial Day Tour – 2015

As you probably know, the BMCU Memorial Day Tour for 2015 is to Kanab, UT. Jill and I drove down to Kanab a couple of weeks ago, just to check out the town and surrounding area. Our findings were that this is really a neat place with a plethora of activities that should appeal to anyone.

Our time was just like it will be for the Tour; drive down on the first day, the second day for exploring, and drive home on the third day. We were able to talk with several locals, go to the Visitor's Bureau, and still had time for a couple of drives and a hike on our second day.

As the time comes closer, I'll be emailing more information on things and places to see or do, in and around Kanab. There is so much cool stuff to do, that we've already contacted the hotel and extended our stay an additional night!

We ate at a couple of restaurants and one of them, The Rocking V, we will be going to on Sunday. We had fantastic meals there and it rivals The Hells Backbone Grill where we ate in Boulder, last year, in quality. I will be asking for commitments after the first of the year so that I can make reservations for those who would like to dine at the Rocking V. In the mean time, check out their website: www.rockingvcafe.com There you can learn about the restaurant, read reviews and see their menu.
