CACHE VALLEY CRUISE-IN EAGLEWOOD FESTIVAL OF SPEED

But wait, there's more! That's right, the 4th of July weekend is coming up and there are plenty of activities that would be of interest to BMCU members.

If you want to do something different than show your vehicle, here's is an opportunity to attend the state's largest custom hot rod show in beautiful and cool, Logan.

Several members are heading up to Logan to see the Cache Valley Cruise In. In fact, member Keith Mott has holding a BYOM (Bring Your Own Meat) BBQ at his home Friday night. Then he has entered two of his Britmobiles in the show. Rumor has it that there is at least one oth-

er entry by a BMCU member.

We are going to Logan Friday afternoon and staying overnight. Saturday we'll take in the show and try to win the SS Camaro that is being given away. There is also a cruise in parade through downtown Logan Saturday evening.

How about it? Are you ready for something

different? Several members have indicated that they are going. Are you?

Kieth Mott
Roger Davis

Introducing the

Cache Valley Cruise-In

June 30,
July 1 & 2, 2016

Logan, Utah

EAGLEWOOD FESTIVAL of SPEED

WHEN: July 1st, 2016 7:00 pm (Those with vehicles come by 6:00 pm.)

WHERE: 10th fairway at Eaglewood Golf Course, North Salt Lake, UT

WHO: Anyone who owns or admires interesting cars, trucks, motorcycles, helicopters, and other modes of transportation.

HOW: **FREE** for everyone and **NO registration**. Spend a casual evening with nice vehicles and nice people at one of the nicest spots along the Wasatch Front.

WHY: We do this to promote a sense of community and to have a lot of fun.

Look us up on Facebook.

Folks just enjoy the vehicles, the cooling temperatures of the mountain, and the ambiance of a pleasant evening at Eaglewood.

- Bruce Oblad

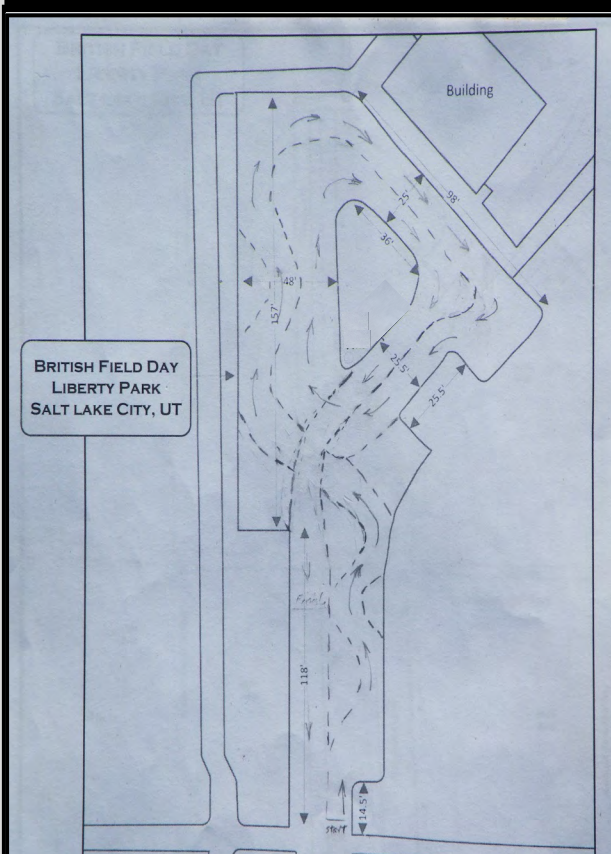

Cars, Campers and Cycles

Again this year, the participants who brought their vehicles of all types are due a round of thanks for sharing them and spreading the word about LBCs and motorcycles.

Of course, the Course

Jon Hermance lays out the road course to challenge the nimbleness of cars and drivers.

Jon again this year provided what we all love - the experience of the LBC doing what it does so well.

Jon provided rides to people of all ages in his MG TD and TF. The expressions on people's faces as they travel the course show what fun these cars can be. His daughter, Laura Hermance, also provided those experiences in her MGB-GT.

I think the RHD folks had an advantage with this year's course layout!

Thanks to the volunteers who helped!

It takes a lot of help from **volunteers** to plan, store and track the materials, get the permits, prepare the venue with stakes and flagging, sweep the course, provide food, staffing the tables, registration, attend to the details, and countless other tasks as well as clean up after the event.

Thanks to all the **participants** who love and care for these cars and motorcycles and who share them for BFD. This makes for a very special event.

Thanks for all who came and shared this experience.

Thanks to **all** for the hard work - BFD can happen because of you.

The Great Race (more a rally really)

Several BMCU members met near Echo, UT along the original Lincoln Highway to watch and cheer on the drivers and navigators in their good old cars (both domestic and foreign).

The race was won by a 1916 Hudson - 100 years old !

A little something for the coupe lovers in the audience...

The **SUNBEAM** *Harrington Le Mans*

(even more advanced than it looks)

This is a sports car with *breeding*. Sunbeams: makers of the incredibly fast Sunbeam Alpine. Harrington: English masters in custom coachwork. Le Mans: the cruellest proving ground on earth, where the Alpine earned the title, "Most efficient sports car in the world."

The pride in owning this exciting new Gran Turismo is thoughtless and obvious; but the love of driving it (in races or on long vacation trips) is indescribable. For under the hand-crafted steel and fiberglass body—with its roomy, richly appointed interior—is assembled every mechanical advance the engineering genius of England's best high-speed specialists could conceive.

This GT version of the Le Mans Alpine combines a special lightweight flywheel and competition clutch, balanced together with the crankshaft as one unit, high efficiency camshaft, high-speed oil cooler, machined and matched valve stems, induction and exhaust ports, stronger valve springs. This precision assembly tuning boosts the power to 104 h.p.

The Sunbeam Harrington Le Mans is produced in limited numbers for connoisseurs who require the ultimate in high-speed performance and luxurious comfort.

A BETTER BUY BECAUSE IT'S BETTER BUILT BY ROOFTOP MAKERS OF HILLMAN/SUNBEAM/SINGER/HUMMER

BMCU

Membership is free. If you are not a member and would like to join, go to our Contact page and let us know!

<http://BMCUTAH.org>

If you would like to attend any of our events, you must adhere to the following rules:

1. Show Up!
2. Have fun!

Please send ideas, suggestions, comments, articles, and/or photos for the BMCU Newsletter to the editor: robbfoye@gmail.com

British Motor Club of Utah

A note of true appreciation to those who made a special effort to make BFD the unique event that it is - including traveling from out of state to be here.

Your efforts are indeed appreciated.
