April is a good month for Tech Sessions

BMCU members were cordially invited to a Wasatch Mountain Jaguar Register Tech Session on brakes 10am Saturday April 15.

It was given by long time WMJR and BMCU member J Jennings, at his home in Murray.

People could bring their brake issues for J and the assembled multitude to resolve.

However, if the brakes on the car you were driving are the issue please do not attempt parking in their drive-way. (Small joke.)

--Gary Lindstrom

No tax questions were allowed; but lots of questions on brakes and fluids. Thanks J

Rich Weyland opened his shop to the BMCU for a wide-ranging series of tech sessions from restoring wooden dash boards to other topics brought up by BMCU members.

Dennis Clark provided a presentation on the nearly lost art of using lead for metal surface repairs.

Refreshments were plentiful (a BMCU requirement). Jim Stover grilled the hamburgers/brats/and Italian sausages—very good and very appreciated.

Jim Stover

These tech sessions are great for learning and sharing knowledge about our LBCs as well as being a great opportunity to meet other BMCU people.

Thanks to Rich, Dennis, Jim and the many participants who had a great BMCU morning.
