

April 2nd, 2024 On The Hook Fish & Chips

Club members beat the rush and enjoyed some delicious fish and chips and basked in the lovely road construction on 90th South in West Jordan.

April 27th, 2024 Ogden Canyon/North Ogden Divide

There was something for everyone during this event. If you weren't in this hardy group of members enjoying their Britmobiles, here is a rundown of what we experienced and what you missed.

20+ members and their vehicles. It was another great rolling car show that we've become famous for.

Comradery with friends who had not seen each other in a few months.

Fresh donuts while we gathered in SLC. Thank you!

Weather: Sprinkles, Rain, Fog, Sunshine Heck, just about everything but hail and snow LOL

60 mph running on smooth roads

Ogden River running hard and fast

Beautiful scenery of the Eden Valley

Parking in bumper-to-bumper traffic on Riverdale Rd.

Awesome Fish & Chips at A Little Taste of Britain

Hello Fellow British Car Clubbers,
The Idaho British Car Club would like to extend an invitation to your club members to join us for a really fun weekend in September, 2024 in the beautiful mountains of McCall, Idaho.
Last year, the Payette Lakes Chapter of the Antique and Classic Wooden Boat Society invited us to show our cars, and we did. Their custom painting poster even included an MG!. Well we are going back, and if your up to a nice drive, we'd love to have you join us. The details are attached and we would love you to post this on your events page and share with your members. All they need to do is contact me if they have any questions, and if they plan to attend and I can send them the registration form.

Looking forward to sharing some show time, lakeside with you!

Auto Jumble

\$14,000.00

Unfortunately posting my 89 Mini for sale as I am getting ready to move out of the country.
Runs well and is in overall great shape. Come take it for a test drive in Ogden!

Set of 5 Speedhut gauges. Almost exactly the same as what came in most MGBs. Bought them in 2022 and other than attempts to see where they would go in my car they have not been used. Can still be programmed to your mileage. Will come with all the associated sensors and harness that I received with the gauges. Obviously not going to get all that I spent on them but trying to recoup some money. See the photos for reference of what ranges were selected. Speedo is gps based and has turn and hi beam indicators included, while the rest of the stuff should be within spec for what an mgb needs or most British cars. Figured \$500 OBO for everything. Located in St. George but can ship it to you. First photo is reference for new vs old. speedhut is a local company and the gauges are top notch.

I found this Pertronix Electronic Ignition while cleaning the garage. It doesn't fit my 1990 Mini, so it need to find a new home.

Moss Motors part #222-405, Minimania part number LU-142A which should fit the 25D style distributor on the 1962 to 1974 MGB/Midget/Sprite, TR4-4A, and MGA. Direct message me if interested.
