

August 10th, 2024 Early Morning Run

WOW!!! If you were not on this drive, you missed one of the best ones we've had in quite a while. Drew put together this route and it is one of the most scenic and fun to drive. Since it was "early in the morning", we enjoyed a couple of very nice things. First, there was little to no traffic on the mountain roads. Second, because of the early hour and altitude, the temperature was just right and no one overheat-ed!

On this event were 17 cars and 27 members who came from Utah, Salt Lake, Davis, Morgan, and Summit Counties. A wonderful and colorful cross section of the British Motor Club of Utah.

Up Big Cottonwood Canyon, over Guardsman Pass, down Pine Canyon to Heber. East on U.S. 40, over Daniel's Summit, past the Ranger Station on the west end of Strawberry Reservoir, onto Indian Creek Rd to the Sheep Creek junction with U.S. 6, and down the canyon to Spanish Fork where everyone found their own way home.

Thank you to Drew and the members who got out of bed on a week-end to enjoy a drive that is sure to become one of the BMCU favorites. It was a BLAST! BTW, our air conditioning system worked well on the homeward bound leg of the trip. Nothing like a cool ride on a hot day in a convertible.

August 24th, 2024 Trappers Loop Run

MG's & Triumphs & Jaguars...Oh my! And Healeys & Sunbeams & Morgans and more!

You all came out in force yesterday for the Trappers Loop run. What a great site it was when we pulled off at the rest area beside East Canyon Reservoir with many jumping out to take a photo! At last tally, there were at least 36 cars and 56 participants on the drive, and what a pleasant drive it was. Temps were just about right as we climbed up Emigration Canyon and headed over into Morgan and the scenery was as beautiful as ever.

There were a number of new faces and cars which made it even better and we welcome you to our ranks.

We were met in Morgan by a few other members as we traversed Trappers Loop (SR167) down into the Ogden Valley and over to Eden for lunch at the Mad Moose.

Mike & his staff did a great job as usual despite being overwhelmed by our arrival and the wind which had holding on to the table umbrellas to keep them from blowing away occasionally. Good food and like minded company, (if nothing else, LBC's provide some memorable storytelling) made for a pleasant time.

The crew at Mad Moose made their selections for their favorite cars. They chose a Morgan, Healey 3000 and a Sprite and provided small prizes to each. Good fun! We hope that each of you enjoyed the drive yesterday as much as Sharon & I did. It continues to be one of my favorites and judging by the turnout, yours as well. If you were unable to make it, we missed you!

Adventures of Lars and Roxanne

Hi guys; thanks for checking in
Hope you're all good and had and still are having some great drives and fun
We are doing great. Yes it's been busy; we did the Quail Motorsports Gathering Show... unbelievable; just fantastic!
I got a test drive in the record setting and currently the worlds fastest car, a British McMurtry, an unbeatable experience.
Then the Monterey Motorsport Festival.

We are now north of Santa Cruz camping in the woods heading to Portland Oregon for the British Field Days; 800 + Brit cars for 3 Days next weekend, and expect to be having a blast. We will be back probably around September 7th or so.

Miss the drives with you guys, but hopefully catching up when back. Keep the rubber side down and have fun, see ya' soon

Rox & Lars

Auto Jumble

Doing some backyard cleanup. Have a few MG Midget parts that will be hitting the scrappers if nobody wants them, no charge. In West Valley near the new DMV. Donor was a 1974.

Have:

Windshield frame with broken glass, Scuttle panel from under windshield with wipers (cut out) has a couple of gauges & switches, Ribcage Transmission complete unknown condition, Ribcage Transmission box empty, I also have a cut, front half body shell with heater box, suspension & a few other ancillary items attached. I can help you get it out & onto a trailer. Fender wells are rot free.
